

I am pleased to announce that we will be holding an informational meeting on the Fire Island to Montauk Point (FIMP) Project in the Quogue Village Community Hall at 11:00 am on Wednesday, August 31<sup>st</sup>. Representatives from the US Army Corps of Engineers and the New York State Department of Environmental Conservation will provide an update on the status of the Project, and representatives from the Town of Southampton will give an overview of the next steps involved in obtaining the required easements from the owners of the properties where the work will be performed. Attendees will have an opportunity to raise any questions or concerns they may have about the process. Property specific questions will be entertained during individual meetings at a later date. I hope you will take this opportunity to join us to learn more about the Project.

*Robert Treuhold*

*Mayor, Village of Quogue*
